## PROFESSIONAL SUMMARY

**Audio/Video Specialist & Operations Veteran** with a 25-year career focused on the intersection of technical systems integration and athletic facility management. Since 2011, I have operated as a **specialized Contractor for high-profile A/V builds**, providing the physical installation and assisted commissioning for major professional and collegiate venues, including the **Detroit Tigers, Michigan State, and the University of Michigan**. My expertise bridges the gap between traditional broadcast hardware and modern IT infrastructure, supported by an **A.A.S. in Computer Technology**. This technical field experience is built upon a 13-year foundational career at **Winthrop University**, where I rose to the level of Director and was specifically selected to pivot the department toward modernized video services and digital media production.

## PROJECT SUMMARY (2011- Present)

*Contract Technician for regional and national A/V integration firms, including CTI (Atlanta) and Stentorian Production (Charlotte).*

**Core Competencies:** Specialized in physical infrastructure and system execution, including rack building, high-density cable management, and signal path testing. Proficient in blueprint and schematic reading with a focus on assisted commissioning and equipment integration. Available and welcome for nationwide project deployments and extended on-site builds.

### **Professional Sports & Major Arenas**

- **Detroit Tigers (MLB) – Detroit, MI (March 2025)**
  - Executed high-density wiring and physical integration for the stadium control room, integrated hardware with local networks, switchers, and routers.
- **Bank of America Stadium / Spectrum Arena (NFL/NBA) – Charlotte, NC (2015 – 2017)**
  - Integrated new video displays across public concourses, concession stations, and luxury suites for NFL and NBA environments.

### **Division I Collegiate Athletics**

- **Michigan State University – East Lansing, MI (2012 – 2024)**
  - Provided long-term technical support for facility-wide modernizations, including the 2024 upgrade of media production suites and the initial 2012 installation of production hardware and displays.
- **University of Michigan – Ann Arbor, MI (June 2023)**
  - Performed physical hardware upgrades and system integration for the university's primary athletic media production suites.
- **University of Florida, College of Journalism – Gainesville, FL**
  - **Gator Vision/SEC (July 2022):** Managed the complex wiring and installation of a 900 i/o router for high-volume athletic media production.
- **Clemson University Athletics – Clemson, SC (2018)**
  - Executed facility-wide upgrades for athletic media production infrastructure and specialized equipment integration.

### **Broadcast Studios & Engineering Spaces**

- **Samaritan's Purse – Boone, NC (2019)**
  - Integrated broadcast-grade infrastructure for professional studios, centralized engineering spaces, and high-end post-production suites.
- **WUFT Public Radio – Gainesville, FL (Jan 2023)**
  - Assisted in the upgrade and commissioning of a radio engineering station.

## **PROFESSIONAL HISTORY**

Winthrop University | Rock Hill, SC

Director of Coliseum Operations & Video Services (2001 – 2011)

- Technical Modernization: Hand-selected to lead the modernization of athletic media production and control room operations, marking the department's transition into professional A/V equipment management.
- Facility Oversight: Managed all daily operations and technical logistics for the 6,100-seat Winthrop Coliseum, coordinating 70–100 high-profile events annually.
- Event Leadership: Served as primary technical and operational lead for Big South Conference Championships and large-scale external rentals.
- Personnel Management: Recruited and trained student and professional crews for facility operations and live game-day streaming production.

Athletic and Coliseum Operations Assistant (1998 – 2000)

- Operational Continuity: Performed identical core responsibilities to the Director of Operations, ensuring seamless facility management and venue readiness.
- Logistics Coordination: Managed front-line facility setup and equipment preparation for university-wide special events and D1 athletic contests.
- Infrastructure Support: Ensured physical and electronic infrastructure met event specifications; supervised specialized outdoor facility operations.

## **EDUCATION AND CERTIFICATION**

York Technical College | Rock Hill, SC (2014)

- Associate in Applied Science – Computer Technology (Programming Specialization)

Clemson University | Clemson, SC (1995)

- Bachelor of Science – Parks, Recreation, and Tourism Management
- Specialization: Community Recreational Services
- Minor: Theatre Arts

Certifications

- OSHA 10-Hour Construction Industry Training (U.S. Department of Labor)
