## PROFESSIONAL SUMMARY

Audio/Video Technician with over 13 years of progressive experience in media production and streaming environments. Expertise includes integrating, upgrading, and testing A/V systems. Demonstrated success in managing comprehensive projects and events, from initial concept through successful completion, including the oversight of game-day operations and video/streaming production for Winthrop University Athletics. Proven ability to lead teams, recruit, and train personnel, and foster clear, consistent communication with all stakeholders.

---

## AREAS OF EXPERTISE

- Project & Event Management:
    - Successfully hosted and directed/coordinated numerous Big South Conference Championships, including five in 2002-2003.
    - Managed a high volume of 70-100 athletic and community events annually, overseeing all logistical aspects including security coordination, equipment preparation, and staff training.
    - Supervised summer camp activities, single-day events, and an outdoor climbing facility.
  - Media Production & A/V Integration:
    - Instrumental in the integration and upgrade of media production hardware and wiring for various clients.
    - Aided with the testing and commissioning of new audio/video equipment.
    - Produced, edited, and engineered live streaming events and special projects, coordinating broadcast times with relevant conferences and institutions.
    - Served as Producer and Videographer for "Vision of Excellence," a video commemorating 125 years of Winthrop University athletics.
  - Operations, Leadership & Training:
    - Managed the day-to-day operations of large facilities, including a coliseum and various athletic venues.
    - Enhanced customer satisfaction and efficiency through the development and marketing of an improved online ticketing system.
    - Focused on recruiting and training students for roles in media production and event operations.
    - Maintained game-day equipment, bought supplies, and reported ticket and concession sales.
- 

## NOTABLE PROJECTS (Audio/Video)

- Detroit Tigers (March 2025): Tied the media production suite to the network, video, and audio routers and controls.
- Michigan State University (July 2024 & July 2012) Assisted with updating the media production units, installed new displays, and wired several athletic facilities.
- University of Michigan (June 2023): Executed comprehensive upgrades to athletics' media production suites.

## **NOTABLE PROJECTS (*Continue*)**

- UF College of Journalism and Communication (Jan. 2023 & July 2022): Upgraded WUFT Public Radio's engineering station and upgraded the Gator Vision/SEC athletic media production.
  - Corning Headquarters (Mar. - Aug. 2019): Installed video conference equipment.
  - Samaritan's Purse (Jan. - Feb. 2019): Installed media equipment in the studio, engineering, and post-production suites.
  - Clemson University Athletics (July - Aug. 2018): Upgraded the athletic media production areas and athletic facilities.
  - Bank of America Stadium (Spring 2016 & 2017): New video displays throughout the food areas and concourses.
  - Spectrum Arena (July - Sept. 2015): Installed a media production suite and equipment, upgraded video signage throughout the area.
-
