PROFESSIONAL SUMMARY

Audio/Video Technician with over 13 years of experience in integrating, upgrading, and testing equipment for media production and streaming. Managed facilities, game-day operations, and video/streaming production for Winthrop University Athletics. Skilled in overseeing projects and events from concept to completion while maintaining clear communication with clients, teams, and guests throughout the process.

QUALIFICATIONS / SKILLS SUMMARY

Project/Facility/Event Management

- Hosted five Big South Conference Championships in 2002-2003.
- Director or coordinator for several Big South Conference Championships.
- Recruited personnel for game-day operations, web streaming, or event operations.
- Organized meetings, coordinated security needs, prepared equipment, and trained personnel.
- Managed 70 to 100 athletic and community events annually.
- Supervised the summer camp activities, single day activities, and an outdoor climbing facility.

Editing/ Media Production/Integration

- Integrated or upgraded media production hardware and wiring.
- Assisted with testing and commissioning new audio/video equipment.
- Produced, edited, and engineered live streaming events or special projects.
- Coordinated live streaming times with the Big South Conference or Winthrop University.
- Producer and videographer for “Vision of Excellence” – video highlighting the 125 years of Winthrop University athletics.

Operations Management/Recruiting/Training/Marketing

- Managed the day-to-day operations of the coliseum and athletic facilities.
- Enhanced customer service through the improvement, development, and marketing of the online ticketing system.
- Focused on recruiting and training students for media production or event operations.
- Marketed the various athletic facilities, summer camp activities, or single day excursions.
- Reported ticket and concession sales; purchased supplies; maintained game-day equipment.

PROJECT SUMMARY
